

# ROBOTICS KIDS CAMPS

## CAMP 1

Ages 10-12

**JUNE  
22-25**

## CAMP 2

Ages 6-9

**JULY  
6-9**

## CAMP 3

Ages 6-9

**JULY  
20-23**

## CAMP 4

Ages 10-12

**JULY  
27-30**

This hands-on course exposes your child to basic robotics via LEGO MINDSTORMS. This program is a great way to cultivate your young student's interest in technology and science. By starting out with a "programmable brick" and adding wheels, gears, levers, and pulleys, students will learn how to build simple machines and mechanisms. This is an excellent way for your child to spend part of the summer learning teamwork and problem solving skills through robotics.

All camps are \$80 per participant and meet 12:30-3:30 p.m. daily. Each camp is limited to 12 participants, so please register early. Download the registration form online at [trinitechcenter.org](http://trinitechcenter.org) or call 260.624.2420, Ext. 101.
